

## At-home COVID-19 test coverage

At-home COVID-19 tests purchased on or after Jan. 15, 2022, will be covered by insurance when purchased for medical diagnostic purposes when the member is experiencing symptoms. Tests are not covered for returning to work, travel purposes, etc. Up to eight, at-home COVID-19 tests per member each month are eligible for coverage. See below for information specific to your pharmacy benefits carrier.

If you originally purchased at-home COVID-19 tests with a personal spending account and later received reimbursement, the PSA should be reimbursed for that amount. Please also note the federal government has made free at-home COVID-19 test kits available to every home in the U.S. Each household can order up to four free tests at [www.COVIDtests.gov](https://www.COVIDtests.gov).

We hope this information is useful to you as you care for yourself and your family during this still-challenging time. Thank you for your participation in the Concordia Health Plan.

<b>Blue Cross Blue Shield / Express Scripts</b>	<p>CHP members with medical coverage through Blue Cross Blue Shield have pharmacy benefits through Express Scripts. Express Scripts is covering the cost of at-home COVID-19 tests. Claims submitted to Blue Cross Blue Shield-MN will be rejected.</p> <p>Members can obtain at-home COVID-19 tests at no cost at the pharmacy counter by presenting their pharmacy benefits ID card. If you do not have your card or already purchased tests on or after January 15, you can submit an online claim for reimbursement. Log into your <a href="#">Express Scripts account</a> to access the reimbursement form or use the form <a href="#">here</a>. For more information, including details on ordering tests through the Express Scripts member portal, <a href="#">click here</a>.</p>
