

We asked – workers want your help!

YOUR WORKERS WANT TO SAVE.

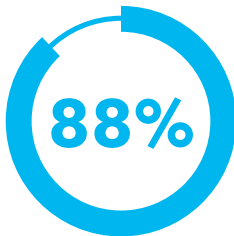

Workers know that saving for their retirement is important, but they need and want your help to get started. We met with workers and they told us – “We know we need to save, but how?”

AUTOSAVE WORKS.

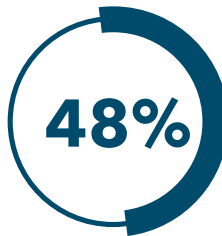

Automatically enrolling workers in a 403(b) is a proven way to help them save for retirement. Don't take our word for it, the numbers speak for themselves:

With it workers succeed

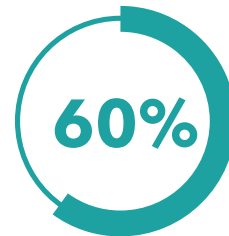

of workers remain in the plan once automatically enrolled.*

Without it workers struggle

of workers save when required to enroll on their own.*

Because it works

of 401(k) and 403(b) plans now automatically enroll workers.*

IT'S EASY TO ADMINISTER, AND WE WILL HELP.

1. You enroll your workers in the Concordia Retirement Savings Plan automatically (providing an opportunity to opt-out).
2. We provide communications and personal assistance implementing AutoSave.

Adopt AutoSave – Your workers will thank you!
