* The amount paid for in-network covered expenses counts towards in-network deductible and in-network out-of-pocket maximums. However, the amount paid for out-of-network covered expenses counts towards both in-network and out-of-network deductibles and out-of-pocket maximums.

**Cigna 90 Now Program: All maintenance medications must be filled in a 90-day supply at one of the 90-day retail pharmacies in your plan's network, or Cigna Home Delivery Pharmacy. After two 30-day fills of the same prescription at a retail pharmacy, your cost will be 100% of the cost of the prescription if you haven't switched to a 90-day supply. This means you'll have to pay the full cost out of your own pocket, and the payment won't count towards your plan's deductible or out-of-pocket maximum.

***When a patient or physician requests a brand drug but an equivalent generic is available, the patient pays the brand cost share plus the cost difference between the brand and generic drugs up to the cost of the brand drug. The cost difference will not be applied to the deductible or out-of-pocket maximum.

The amount of any coupon, rebate or manufacturer's assistance will not count towards your coinsurance, copayment, deductible or out-of-pocket.

† Includes deductibles, copays and coinsurance costs for medical, mental health/substance abuse and prescription drug services.
